Welcome to the Garden of Mayahuel at Gallo Pelón.

In these times of crisis we have had to push our creativity to the limit.

*Inspired in the concept of a nursery for plants we created
The Garden of Mayahuel, a space designed to keep you and us safe
during what is left of the cold season and the pandemic so that this
beautiful space can remain open to serve our beloved community.*

*We chose to name it the 'Garden of Mayahuel'
in honor of the divine goddess of agave.*

We hope you enjoy it!

*With love and gratitude,
The Gallo Pelón team*
